Fresh **Strategy**

We’re having the wrong conversation about AI.

What leaders actually want

Growth

Sustainability

Profitability

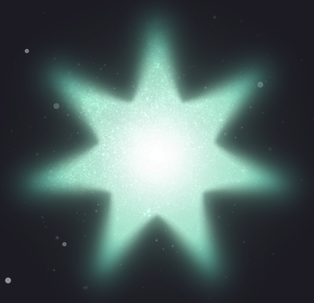

Resilience

Efficiency

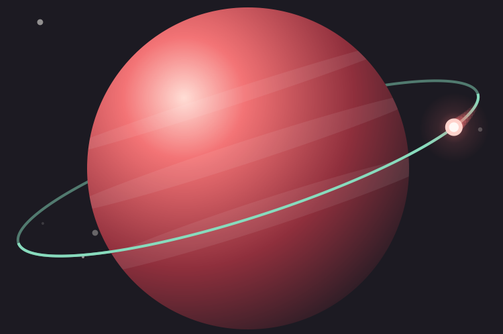

Competitiveness

Innovation

Scarce.
Expensive.
Complex.

A new horizon

AI is not just a technology.
It is a new field of capability.

If everyone can access these capabilities, what will set you apart?

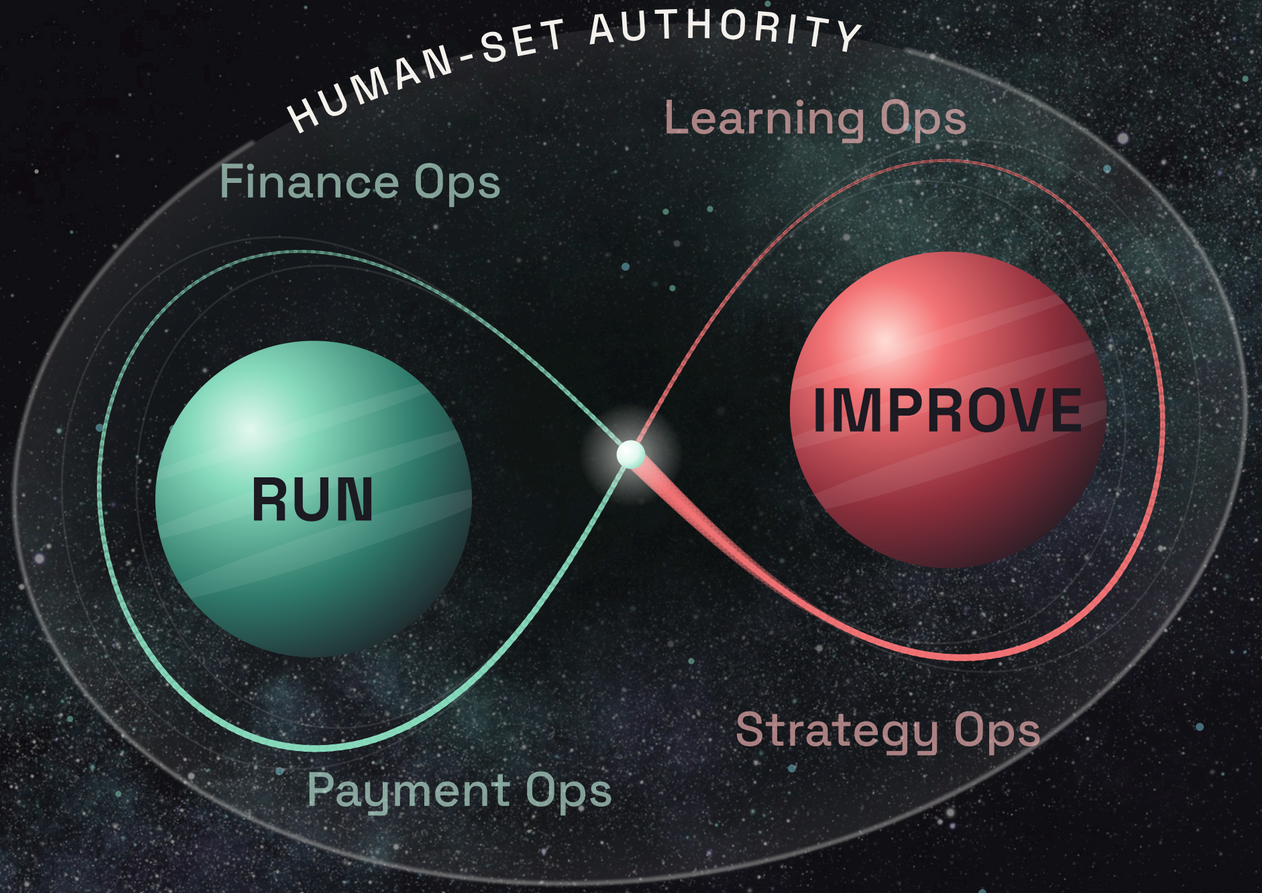

From jobs to outcomes

Rethink the recurring work around the outcome it must deliver.
